CANINE PLUS

- A complete multi-vitamin/mineral formula with digestive enzymes for dogs of all ages and breeds.
- **Canine Plus** is specifically formulated with a balance of vitamins, minerals, amino acids, fatty acids, digestive enzymes, antioxidants, and other factors that work synergistically to help maintain the physical well-being of your dog.
- **Canine Plus** provides rapid conditioning of sick or post-operative dogs, and helps to maintain optimum health in dogs and puppies of all breeds, sizes, ages, and activity levels. It is also beneficial for breeding dogs, pregnant and lactating bitches and stud dogs.
- **Canine Plus** incorporates over 55 synergistic factors, not always found in dog food or ordinary supplements, including:
 - Water and fat-soluble vitamins, including Vitamins A,C,D,E, and a complete and balanced Stress B Complex including all 11 B Vitamins in their proper ratios.
 - Enteric-coated digestive enzymes to support absorption and utilization of factors from the dog's diet.
 - Linoleic Acid (Omega 6 Fatty Acid) to support healthy skin and coat.
 - 11 vital minerals to support proper composition of body fluids, formation of red blood cells and bone, and maintenance of healthy nerve function.
 - Antioxidants (A,C,E and Selenium) to support the immune system.
- Available in two tablet flavors: beef liver (from U.S. pasture fed beef that is pesticide free) or chicken liver. Also available in a chicken liver-flavored Bite-Sized chew.

Feeding Directions for Adult Dogs and Puppies:

Chewable Tablets:

Under 20 lbs: 1 tablet daily. 20 - 70 lbs: 2 tablets daily. Over 70 lbs: 3 tablets daily. When more than one tablet per day is required, dividing between AM and PM is optional.

CHICKEN FLAVORED

(Tablet) Ingredients: microcrystalline cellulose, dehydrated chicken liver, brewers dried yeast, tricalcium phosphate, stearic acid, magnesium oxide, vegetable stearate, kelp (source of iodine), choline bitartrate, ascorbic acid, iron proteinate, zinc gluconate, thiamine mononitrate, niacinamide, d-calcium pantothenate, betaine hydrochloride, methionine, lecithin, vitamin E supplement, riboflavin, pyridoxine hydrochloride, p-aminobenzoic acid, linoleic acid, inositol, lipase (from aspergillus oryzae), pepsin (pork), protease enzymes (from aspergillus oryzae), bromelain (from dried pineapple), vitamin A (acetate), carrot powder, potassium citrate, vitamin D3 (cholecalciferol), biotin, vitamin B12 supplement, cobalt carbonate, copper gluconate, sodium selenite, folic acid.

CANINE PLUS

Guaranteed Analysis Represents Minimum Levels Per Tablet:

Methionine	7.5 mg
Linoleic Acid (min)	3.75 mg
Calcium (1.92%)	75 mg
Phosphorus (0.96%)	37.5 mg
Potassium (0.01%)	0.375 mg
Magnesium (0.96%)	37.5 mg
Iron (1154 ppm)	4.5 mg
Copper (1.1 ppm)	0.0045 mg
Zinc (385 ppm)	1.5 mg
Iodine (15.4 ppm)	0.060 mg
Selenium (1.4 ppm)	0.00525 mg
Vitamin A	900 IU
Vitamin D3	75 IU
Vitamin E	7.5 IU
Thiamine (Vitamin B1)	7.5 mg
Riboflavin (Vitamin B2)	3.75 mg
Pantothenic Acid	7.5 mg
Niacin	7.5 mg
Pyridoxine Hydrochloride (Vitamin B6)	3.75 mg
Folic Acid	0.003 mg
Vitamin B12	0.003 mg
Choline	7.5 mg
*Cobalt	0.060 mg
*Biotin	0.003 mg
*Ascorbic Acid (Vitamin C)	18.75 mg
*P-aminobenzoic Acid	3.75 mg
*Inositol	3.75 mg
*Lecithin	7.5 mg
*Betaine Hydrochloride	7.5 mg
*Pepsin (Pork)	6750 FCC Units ¹
*Protease (Aspergillus oryzae)	40.0 HUT Units ²
*Bromelain (Pineapple)	1.35 GD Units ³
*Lipase (Aspergillus oryzae)	0.375 FIP Units ⁴

* Not recognized as an essential nutrient by the AAFCO Dog Food Nutrient Profiles

This product contains sources of Pepsin, Bromelain and Protease (hydrolyzes proteins) and Lipase (hydrolyzes triglycerides).

¹One FCC Unit of pepsin activity digests 3000 times its own weight of coagulated egg albumen under standard conditions.

²One HUT (Hemoglobin Unit on the Tyrosine basis) unit of papain activity will liberate in 1 minute at 40 C and pH 4.7 a hydrolysate whose absorbance at 275 nm is the same as that of a solution containing 1.10 ug/ML of tyrosine n 0.006 N hydrochloric acid.

³One GD unit of protease activity will liberate approximately 8.4 mg amino acids (from gelatin)/20 min/mg of enzyme at 45 C and pH 4.5.

⁴One FIP unit of lipase activity will liberate the equivalent of 1.0ul fatty acid from olive oil per min of enzyme at 37 C and pH 9.0.

BEEF FLAVORED

(Tablet) Ingredients: microcrystalline cellulose, dehydrated beef liver, tricalcium phosphate, stearic acid, magnesium oxide, vegetable stearate, kelp (source of iodine), choline bitartrate, ascorbic acid, iron proteinate, zinc amino acid chelate, thiamine mononitrate, niacinamide, d-calcium pantothenate, betaine hydrochloride, methionine, lecithin, vitamin E supplement, riboflavin, pyridoxine hydrochloride, p-aminobenzoic acid, linoleic acid, inositol, lipase (fermentation process utilizing aspergillus oryzae), pepsin (pork stomach linings), protease enzymes (fermentation process utilizing aspergillus oryzae), bromelain (pineapple stem), vitamin A (acetate), carrot powder, potassium citrate, vitamin D3 supplement, biotin, vitamin B12 supplement, cobalt carbonate, copper gluconate, sodium selenite, folic acid.
