COENZYME Q₁₀ & COQSOL®

- A **Coenzyme Q₁₀** formula for cats and dogs to support cardiovascular and periodontal health.
- **Coenzyme Q₁₀** is found in the mitochondria, the chemical factories of all cells where energy is made. Hundreds of mitochondria are present in each cell and are most highly concentrated in the periodontal tissue, heart, and liver. CoQ₁₀ enhances the formation of ATP (Adenosine Triphosphate), the basic energy molecule used by every cell.
- CoQ₁₀ is found in the highest concentration in “high energy” organs such as the brain, heart, muscles, liver, kidneys and pancreas. It is a powerful antioxidant and immune enhancer.
- CoQ₁₀ can support the cellular energy necessary for heart health (ailing hearts are often deficient in CoQ₁₀) and helps carbohydrate metabolism support blood sugar balance, and gum health (deficiencies of CoQ₁₀ have been linked to poor gum health).
- **Recommended for:**
 - Periodontal health
 - As an adjunct for animals with recurrent or persistent mouth and gum concerns
 - Enhanced energy production for a healthy immune response
 - Cardiovascular support
 - Carbohydrate metabolism
 - Oxygen utilization
 - Support circulation, physical energy and stamina
 - Liver support and detoxification
 - Levels of Q₁₀ in the body decline with age so as the animal ages supplementation is often recommended
- Available in two forms (delivery systems)- a dry or oil-based capsule. The two-piece capsule dry formulation is available in two potencies: a 10 mg capsule for small pets and in a 30 mg capsule for larger pets.

CoQsol® is a 30 mg oil-based gel cap with antioxidants for superior bioavailability. **CoQsol®** is a unique patent-pending product that combines CoQ₁₀, Vitamin E, Beta Carotene (as antioxidants) in an oil-based delivery system for superior absorption.

- **Directions For Use:**
Coenzyme Q₁₀ 10 mg: Give 1 capsule daily per 10 lbs of body weight.
Coenzyme Q₁₀ 30 mg: Give 1 capsule per 30 lbs of body weight, daily.
CoQsol® 30 mg: Give 1 capsule per 30 lbs of body weight, daily. Under 30 lbs, give 1 capsule every other day.

If giving more than 1 capsule, divide between AM and PM.

- **Coenzyme Q₁₀ 10 mg**
0900322.100 (100 Capsules)
- **Coenzyme Q₁₀ 30 mg**
0900323.060 (60 Capsules)
- **CoQsol® 30 mg**
0900330.090 (90 Capsules)
0900330.180 (180 Capsules)

COENZYME Q₁₀
Active Ingredient Per Capsule:
 Coenzyme Q₁₀ 10 mg

Inactive Ingredients: cellulose, gelatin, malto-dextrin, silicon dioxide, vegetable stearate.

COENZYME Q₁₀
Active Ingredient Per Capsule:
 Coenzyme Q₁₀ 30 mg

Inactive Ingredients: cellulose, gelatin, malto-dextrin, silicon dioxide, vegetable stearate.

COQSOL®
Active Ingredient Per Capsule:
 Coenzyme Q10 30 mg
 Beta Carotene 1295 IU
 Vitamin E (Mixed tocopherols) 30 IU

Inactive Ingredients: annatto extract, gelatin, glycerin, rice bran oil, titanium dioxide, yellow beeswax.

Contains: soy.
