PSYLLIUM PELLETS EQ

- **Psyllium Pellets EQ** is a 95% pure Psyllium Seed Husk product for all classes of horses and foals.
- Psyllium is high in soluble fiber which is important for intestinal clearance.
- **Psyllium Pellets EQ** has a 16%-25% greater swell volume than other leading brands. Greater swell volume means better results!
- It forms a gel-like substance that supports the removal of sand and dirt. It also acts like a sponge supporting the removal of toxins, bacteria, and undigested material from the digestive tract.
- **Psyllium Pellets EQ** provides probiotic support, which promotes the growth of beneficial bacteria in the intestines.
- **Recommended for:**
 - ☐ A tendency toward impaction
 - ☐ Sluggish bowel activity
 - ☐ Abdominal bloating or hay belly
 - ☐ Excessive gas production
- It is highly palatable and apple flavored. Horses love the taste and you will love the ease!
- **Directions For Use:**

For maintenance of grazing horses in sandy areas, give 3 rounded scoops (3 oz) daily for seven days each month. Be sure horses have access to fresh water.
- **Psyllium Pellets EQ**
0900982.112 (112 Servings Net Wt. 7 lbs)
