

# VETRI-SCIENCE® LABORATORIES

## VETRI-WEIGHT

- **Vetri-Weight** supports weight gain and the health of skin, coat, and musculature for all classes of horses.
- **Vetri-Weight** is a unique blend that provides highly digestible vegetable fats, proteins and carbohydrates to support the nutritional needs of all classes of horses with an inadequate body weight. **Vetri-Weight** also contains direct fed microbials for gut health and lecithin, which is a source of phospho lipids and bioavailable dietary choline to support hoof, hair and skin health. Horses love the taste of **Vetri-Weight**.
- **Recommended for:**
  - Weight gain or weight stability
  - Maintaining musculature
  - Supports skin and coat
  - Quicker recovery following exertion
- **Vetri-Weight** is designed to benefit all classes of horses including:
  - Active pleasure horses
  - Performance, show or work horses
  - Growing horses: Sucklings, Weanlings, and Yearlings.
  - Aging Horses (With age a horse's digestive efficiency can decrease as much as 10-20%)
  - Malnourished Horses
  - Breeding horses: Stallions and Brood Mares. (For brood mares it helps maintain the nutritional needs of the horse's heat cycle, conception, pregnancy, gestation, lactation, and rebreeding. It also meets the needs of the developing foal. For the stallion the need varies depending on the level of breeding activity, but it can help to maintain body condition, support stamina, and support reproductive capacity.)
- **Vetri-Weight** is the most advanced product available to help maintain the weight of all classes of horses without subjecting it to the stresses of unnecessary overfeeding.
- **Vetri-Weight** is very palatable powder with excellent flavor release and has a great aroma. Available in two convenient sizes 10 lb containers (80 servings) or 30 lb containers (240 servings).
- **Feeding Directions:**  
For skin and coat conditioning, give 1 to 2 rounded scoops daily.  
For weight stability and maintenance, give 2 to 3 rounded scoops daily.  
For weight gain, give 2 to 4 rounded scoops daily.  
For weight gain of horses larger than 1500 lbs, give 4 to 6 rounded scoops daily.
- **Vetri Weight™**  
0900518.080 (80 Servings)  
0900518.240 (240 Servings)

### VETRI-WEIGHT

#### Guaranteed Analysis Per serving (2 oz):

The following values are minimums unless otherwise stated.

Crude Protein (min)	14%
Crude Fat (min)	40%
Crude Fiber (max)	3%
Calcium (min)	1%
Calcium (max)	1.5%
Phosphorus (min)	0.5%
Saccharomyces cerevisiae	2.8 billion CFU

**Ingredients:** vegetable fat, linseed meal, soy lecithin, yeast extract, whey protein, calcium carbonate, dicalcium phosphate, methionine, dried lactobacillus acidophilus fermentation product, dried enterococcus faecium fermentation product, dried lactobacillus casei fermentation product, dried lactobacillus plantarum fermentation product, dried aspergillus niger fermentation extract, dried aspergillus oryzae fermentation extract, dried bacillus subtilis fermentation extract, yeast fermentation solubles, l-lysine, anise seed oil, fenugreek seed extract, saccharomyces cerevisiae.
