

OMEGA 3, 6, 9 » A Skin, Heart and Joint Support Formula

Omega 3, 6, 9 is a comprehensive fatty acid formula for cats and dogs that is rich in ALA, GLA, EPA, and DHA to support heart and skin health.

Omega 3, 6, 9 is a blend of non-GMO natural oils from borage seed, flaxseed, and fish, combining the health benefits of omega 3, 6 and 9 fatty acids.

Omega 3, 6, 9 provides a healthy balance of fatty acids. Fatty acids are critical to total body health. These fatty acids play a vital role in the structure of cell membranes to support animals with skin health concerns and to support the immune system and proper growth and development of the nervous system.

Fatty acids are recommended for support of:

- » Skin and heart health
- » Nervous system function and development

- » Healthy organ function
- » Joint function and health
- » Respiratory health
- » Immune system functions
- » Gastrointestinal health

Omega 3, 6, 9 provides desirable ratio of omega 3 to omega 6 fatty acids for more efficient and beneficial prostaglandin production.

Daily supplementation with GLA, ALA, EPA, and DHA is the best way to ensure that companion animals will receive the health-protecting benefits of fatty acids.
