

FAST BALANCE GI PASTE G.I. Support Formula

Fast Balance GI is a fast acting, easy to administer paste that provides immediate GI support for companion animals.

Fast Balance GI contains a specialized yeast extract rich in mannan oligosaccharides derived from the cell wall of yeast (from *Saccharomyces cerevisiae* and brewers dried yeast), probiotics (including: *Bacillus subtilis*, mixed lactic acid bacteria and *Enterococcus faecium*), fungal derived enzymes from *Aspergillus oryzae*, and B vitamins, all of which work together as a fast acting product to balance and normalize the GI tract.

Recommended for:

- » GI health issues
- » Garbage gut, nervous gut and food sensitivities
- » Older pets who need greater digestive support
- » Stress (acute or chronic)
- » Quickly normalizing digestion
- » Balanced microflora levels – supports naturally occurring beneficial flora and supports the probiotics in the formula
- » GI tract integrity support

Most animals respond within 24 hours which makes it an “immediate care” product for GI tract problems while awaiting lab results!

Fast Balance GI contains a specialized yeast extract that is rich in mannan oligosaccharides (MOS). MOS also support immune system functions for optimal gut health. MOS provide more binding sites than FOS (Fructo Oligosaccharides).

Fast Balance GI contains probiotics including beneficial microbes like: *Bacillus subtilis*, mixed lactic acid bacteria and *Enterococcus faecium* that helps maintain balanced microflora levels in the gut. They also encourage the growth of helpful bacteria and help maintain proper water level in the gut.

Vitamins work synergistically with the probiotics to support the growth of the naturally occurring beneficial microbial population in the animal’s gut. This causes a quicker response and helps to reduce stress on the GI mucosa. Riboflavin (vitamin B2) supports normal gut health, and pyridoxine hydrochloride (vitamin B6) supports proper immune function.

Notched Dial-A-Serving Tube for easy dispensing.

FAST BALANCE GI PASTE
0900470.015 / 0900470.035 / 0900470.060

PRODUCT DETAILS:
Recommended to help support proper G.I. tract structure and function during times of digestive upset and stress associated with garbage gut, food sensitivities, age and traveling.

DIRECTIONS FOR USE:

Dogs and Cats: Administer orally at recommended servings listed below until results occur.

Body Weight	Serving	Per Day
Up to 10 lbs	5 cc	2 times
11 to 20 lbs	5 cc	3 times
21 to 30 lbs	10 cc	3 times
31 to 50 lbs	15 cc	3 times
+51 lbs	20 cc	3 times

Horses: Give entire contents of 60 cc tube (1/2 tube for foals and ponies) 1 to 3 times daily when GI disturbance is present for up to 2 days or until results achieved.

ACTIVE INGREDIENTS PER 10 CC:

Pantothenic Acid	10.5 mg
Pyridoxine HCl (Vitamin B6)	2.5 mg
Riboflavin (Vitamin B2)	1.0 mg
Mixed Lactic Acid Bacteria	1.3 x 10 ⁷ CFU
<i>Saccharomyces cerevisiae</i>	3.4 x 10 ⁶ CFU
<i>Bacillus Subtilis</i>	3.8 x 10 ⁵ CFU
<i>Aspergillus oryzae</i>	1.3 x 10 ⁵ CFU

Inactive Ingredients: carrageenan, calcium d-pantothenate, dried apple pectin pulp, dried *Aspergillus niger* fermentation extract, dried *Aspergillus oryzae* fermentation extract, dried *Bacillus subtilis* fermentation extract, dried *Enterococcus faecium* fermentation product, dried *Lactobacillus acidophilus* fermentation product, dried *Lactobacillus casei* fermentation product, dried *Lactobacillus plantarum* fermentation product, mucilage, polysorbate-80, primary yeast dehydrated, silicon dioxide, vegetable oil, yeast extract, yeast fermentation solubles.
