Perio Support Pro is a dental health formula designed to support your pet’s periodontal health in a convenient delivery system.

**Perio Support Pro** is a tasty, aromatic powder that’s easily sprinkled on top of your pet’s food to alleviate the mess and hassle of brushing.

**Dental Health:**
- Periodontal disease is the most common clinical condition in cats and dogs, according to the American Veterinary Dental College. By age three, most pets will likely show early evidence of periodontal disease.
- Dental health is important to the overall well-being of your pet because it affects the well-being of the heart, lungs and kidneys. It’s important to provide your pet with proper daily dental care before there is a problem.
- **Perio Support Pro** is formulated specifically for use between routine veterinary dental cleanings to help maintain clean teeth, freshen breath, penetrate plaque, and support gum health. The targeted and quick delivery system helps keep your pet’s mouth healthy as part of a daily periodontal care program.

**About the ingredients in Perio Support Pro:**
- Natural Zeolites are unique minerals that help prevent plaque from forming and sticking to teeth.
- Zinc penetrates plaque on the teeth and oxidizes it, helping prevent plaque build-up.
- Cranberry is a source of antioxidants rich in bioflavonoids that support gum tissue health. They also help interfere with bacteria that can lead to plaque buildup and tissue destruction.
- Taurine works with zinc to support gum tissue health and strength. Strong gum tissue is important since bacteria grows on dead tissue.
- *Lactobacillus acidophilus* helps support a healthy bacterial balance in the mouth. It helps the body displace unhealthy plaque-causing bacteria to support strong gums and fresh breath.
- *Yucca shidigera* extract is an herb that helps inhibit enzymes that break down the structural integrity of gum tissue.
- Vegetable fats ensure product palatability, help ingredients adhere to the teeth, and provide essential fatty acids that support gum health.

**Perio Support Pro is:**
- Easy to use
- Easy to remember
- A convenient way to support daily dental health
