UT STRENGTH STAT FOR CATS & UT STRENGTH STAT FOR DOGS

- Supports proper urinary tract health in cats and dogs.

- **UT Strength STAT** helps to maintain proper urinary tract function, may reduce the likelihood of crystal and stone formation, and supports immune system function. This superior combination of ingredients works together to provide pH balance and to support proper kidney, bladder and urinary tract function.

- Marshmallow root (Althaea officinalis) and corn silk contain polysaccharides that can help support optimal bladder and UT function. Cranberry and vitamin C (ascorbic acid) act synergistically to acidify the urine which helps dissolve stones.

- Chanca piedra (Phyllanthus niruri) helps support the break up of kidney and bladder stones.

- L-methionine is an essential amino acid that supports kidney function, SAMe production, healthy liver function, and acidifies the urine. Lactobacillus acidophilus supports the balance of gut flora and intestinal pH.

- Olive leaf extract and uva ursi help support urinary tract health. They help maintain kidney function and have a drying effect on tissues and reduce stone formation.

- **UT Strength STAT for Cats** is a palatable fish flavored chewable tablet and **UT Strength STAT for Dogs** is a highly palatable smoke flavored tablet.

**Directions for use:**

**UT Strength STAT for Cats:** Give 2 tablets daily. Daily amount may be divided between AM & PM.

**UT Strength STAT for Dogs:** Give 1 tablet daily per 25 lbs of body weight. For dogs less than 15 lbs, give 1/2 tablet daily. If giving more than 1 tablet daily, divide amount between AM & PM.

This product is not recommended for continual use. Give recommended amount for 7-14 days, or until results occur.
